Company Introduction

Aardee Associates is a professionally managed organization established by two experienced professionals with over 15 years of extensive experience in the construction and infrastructure sector. The firm is committed to delivering reliable and high-quality solutions to meet the diverse requirements of modern construction projects.

The company specializes in the supply of premium construction materials, industrial products, and engineering solutions catering to infrastructure, residential and commercial building projects, irrigation works, and various industrial applications. With a deep understanding of industry standards and project requirements, Aardee Associates ensures that every product supplied meets quality benchmarks and client expectations.

Backed by a strong network of reputed manufacturers and vendors, the company is capable of sourcing a wide range of materials efficiently. Aardee Associates focuses on maintaining consistency in quality, offering competitive pricing, and ensuring timely delivery to support smooth project execution. The company serves contractors, builders, infrastructure companies, and government organizations with a customer-centric approach and professional service standards.

Mission

Our mission is to become a trusted and dependable partner for construction and infrastructure companies by consistently supplying high-quality materials and solutions. We strive to ensure timely delivery, cost efficiency, and adherence to project specifications while maintaining the highest standards of integrity, professionalism, and customer satisfaction. We aim to add value to every project we support through reliability, responsiveness, and continuous improvement in our services.

Vision

Our vision is to establish Aardee Associates as a leading and recognized name in the construction supply industry. We aspire to provide comprehensive, end-to-end material solutions that cater to the evolving needs of the infrastructure sector. By focusing on quality, innovation, and service excellence, we aim to build long-term relationships with our clients and partners, and contribute to the successful execution of infrastructure development projects across the region.

Material Categories We Deal In

At Aardee Associates, we offer a comprehensive range of construction, industrial, and engineering materials to meet the diverse requirements of infrastructure and building projects. Our key material categories include:

1. Construction Chemicals

We offer a comprehensive range of construction chemicals designed to improve strength, durability, and performance of structures. Our range includes:

- Waterproofing Compounds,
- Concrete Admixtures,
- Grouts and Repair Mortars,
- Sealants and Bonding Agents
- Curing Compounds
- Protective Coatings
- Shuttering Oil
- Tile Adhesive

2. Safety Materials & PPEs

We supply a wide range of safety materials and personal protective equipment to ensure worker safety at project sites. Our range includes:

- Safety Helmets
- Safety Shoes and Gloves
- Reflective Jackets
- Safety Goggles and Face Shields
- Ear Plugs and Respiratory Masks
- Fall Protection Systems
- PVC Cone and Barriers

3. Hand Tools

We provide a variety of high-quality hand tools suitable for construction and maintenance work. Our range includes:

- Spanners and Wrenches
- Screwdrivers and Bit Sets
- Pliers and Cutters
- Hammers and Chisels
- Measuring Tapes and Spirit Levels
- Hacksaws and Cutting Tools

4. Bolts & Fasteners

We deal in a wide range of fastening solutions for structural and industrial applications. Our range includes:

- High Tensile Bolts and Nuts
- Washers and Threaded Rods
- Anchor Fasteners
- Foundation Bolts
- Industrial Fastening Systems

5. Pipes & Fittings

We supply various types of pipes and fittings for water, drainage, and industrial use. Our range includes:

- PVC Pipes and Fittings
- HDPE Pipes and Fittings

Contents

- MS Pipes and Fittings
- Valves and Accessories
- Pipe Jointing Materials

6. Lifting Tools & Tackles

We offer reliable lifting solutions for material handling and heavy-duty applications. Our range includes:

- Chain Pulley Blocks
- Wire Rope Slings
- Web Slings
- Shackles and Hooks
- Hoists and Lifting Accessories

7. General Electrical Materials

We provide a complete range of electrical materials for construction and industrial requirements. Our range includes:

- Wires and Cables
- Switches and Sockets
- MCBs, MCCBs, MPCBs and Power Distribution Boards
- Lighting Fixtures
- Electrical Accessories

8. Construction Consumables

We supply essential consumables required for daily construction activities. Our range includes:

- Welding Electrodes
- Cutting and Grinding Discs
- Adhesives and Seal Tapes
- Lubricants and Oils
- Paint Brush and Roller Brush
- Drilling Machines
- Cutting and Grinding Tools
- Concrete Vibrators
- Measuring and Leveling Tools
- General Construction Equipment
- Spade, Shovel, Pick-Axe and Crow Bar
- Sledge and Ball Pein Hammer
- Masking and Abro Tape
- Hammer and Wooden Drill Bits
- Hessian Cloth and Green Shade Net
- Canvas and Suction Hoses
- Loctite and Anabond Adhesive
- Foam Sheet and EPS Board
- Bearing and Plumber Block
- Magnetic Drill Bit
- Bubble Sheet, LDPE Sheet and Tarpaulin
- MS and GI Binding Wire
- Plumb Bob, Trowel, Wire Nail, Line Dori and Mortar Pan
- Shuttering Plywood
- Wooden Runner and Sleepers
- PVC Water Tank
- Developer, Penetrant and Cleaner Kit
- Paint and Primer
